## Sun Mountain Front9 Lightweight Stand Golf Bag

Posted at 11:05 AM by [Michael Chwasky](#) | Categories: [Golf Bags](#), [Sun Mountain](#)

The new Front9 (\$169.99) from Sun Mountain is specifically designed for players who like to walk. Compact and lightweight (3.8 lbs), the Front9 features an 8.5" oval top that can hold a full set of 14 clubs due to a flared opening that allows clubs to slide in and out with ease. Sun Mountain's X-Strap Dual Strap System promotes a balanced walking position and can be used as a double or single strap depending on preference.

Other features include high-tensile aluminum legs with roller bottom leg mechanism, full-length dividers, lumbar support hip pad, umbrella attachment, towel holder, six storage pockets including velour-lined valuables pocket and beverage pouch, rainhood, and leg lock system for use with golf carts.
