Front 9 Bag from Sun Mountain Gives Golfers Lightweight Carry Option.

BY KIM D. MCHUGH, ASSOCIATE EDITOR

If you or friends in your golfing circle prefer to walk the courses you play, you may be interested in the Front 9 lightweight stand bag from Sun Mountain. When the Montana-based company first introduced this style of bag around 30 years ago it was a big hit with golfers. This updated model is equally popular, especially with its updated, contemporary features.

Extremely Lightweight at Only 3.8 Pounds. Not only is the bag featherweight its newly designed 8.5” oval top bag with a flared opening can easily accommodate a full set of 14 clubs. Front 9 also incorporates the Sun Mountain-invented, now industry-standard, integrated lift assist handle to make picking the bag up and setting it down easier than ever.

System.

Providing a balanced, the Sun Mountain X-works well as a double carries. Incorporating features, Front 9 is

Easy Carry X-Strap®

easy carry the Front 9 incorporates Strap® Dual Strap System, which strap, or as a single strap for shorter many of the classic Sun Mountain designed using a patented roller

bottom leg mechanism, high-tensile aluminum legs, full-length club dividers, lumbar support hip pad, umbrella attachment, towel holder, top-mounted leg mechanism for added stability, pen holder, leg lock system so it's easier to use on riding carts, and a coordinating rain hood (sold separately).

Described by the company as "efficiently sized" the bag not only accommodates a full set of clubs, Front 9 has six pockets including a beverage pouch, velour-lined valuables pocket, full-length clothing pocket and accessory pockets.

Golf Digest's 2014 Hot List — Silver Medalist.
